ALVIN K. HELLERSTEIN, U.S.D.J.:

At the status conference held September 12, 2014, I ordered:

- (1) Defense Liaison counsel and Plaintiffs' Liaison counsel shall, in coordination with the Special Masters, submit to the Court by September 19, 2014 a proposed order detailing the remaining discovery and trial schedule. The proposed order shall provide that all expert discovery is to be completed by December 31, 2014. All counsel agreed that if any expert discovery remains after that date, none shall be had.
- (2) Trials are to begin March 2, 2014. Two trials will commence on that date, one before me and the second before a District Judge to be assigned by the Chief Judge. The trials will proceed in the sequential order identified by the Order Identifying Cases to Proceed to Trial dated April 3, 2014 (Doc. No. 5022), with the first case being that brought by Marek and Haline Socha. The trials shall be timed trials, to conclude on March 20, 2014, with deliberations to follow. If any cases scheduled for trial are resolved, the next case in sequence, as identified by the Order Identifying Cases to

Proceed to Trial dated April 3, 2014, shall be tried in their places.

Changes in sequencing also may be made by subsequent orders.

- (3) The second set of trials will commence on April 13, 2014 and conclude by May 4, 2014. The remainder of the trial schedule will be ordered at a future date.

SO ORDERED.

Dated:

New York, New York
